

Ezytap 85T (Black)

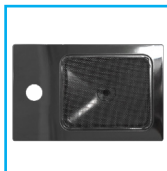

The newest addition to our Ezytap range, the 85T now comes in a stylish matte black finish, great for spaces where aesthetics really matter. Same electronic control and reliable performance, but with a whole new design. Dispenses ambient water and comes with a pumped 8L undersink boiler for 28L/H of consistently hot water. Add our UC800M undersink chiller when you order to replace ambient with 11.5L/H chilled water.

- Curved matte black tap (24cm)
- Ambient & 28L/H hot
- Chilled dispensing capability (UC800M)
- Touch control dispensing panel
- Hot water safety lock
- Pairs perfectly with our black Ezytray 3

Accessories

Ezytray 3 - Black Edition

Black stainless steel drip tray specially crafted for the black edition model. Features a removable grill and mains waste drainage.

UC800M Undersink Chiller

Add our UC800M undersink chiller to Ezytap orders to replace ambient with 11.5L/H chilled water dispensing.

Installation Rail & Filters

POU installation kits for easy connection to your customers mains water supply. Available with a Brita C-150 scale filter or a dual filter set-up if you add our UC800M chiller.
