

# Pro Stream

Chilled, Sparkling & Hot Water Tap

An impressive electronic control dispensing tap built by Cosmetal. The ProStream is a futuristic, yet stylish chrome plated tap dispensing chilled, sparkling and hot water. Comes with an undersink boiler and separate undersink chiller as well as a compatible VR-G7 drip tray with drainage to keep your customers work spaces spill free. All the features and capacity you'd expect from a cooler, compiled into a discreet and user friendly set up.

- 23cm dispense height
- Dispenses 15ltrs/h chilled, 15ltrs/h sparkling & 55ltrs/h hot water
- Touch panel controlled dispensing
- VR-G7 specially designed drip tray
- Sturdy and robust build by Cosmetal
- Comes with an undersink boiling unit
- Also includes a H20MY IN undersink chiller

## Accessories

### Cosmetal Rail & Filter

High capacity Fiberdyne filter candle with reusable filter housing and installation rail. Includes all fittings and fixtures, replacement candles are also available.

### VR-G7

Purpose built stainless steel drip tray for the ProStream. Requires installation into the counter top and connects to mains waste drainage.

### Gas & Regulator

Carbonated coolers require a gas regulator to connect the CO<sup>2</sup> cylinder. Our REGCO2 gas regulator is suitable for 600gm disposable CO<sup>2</sup> cylinders.
