

Aquapoint 60B

Sophisticated & Compact

The Aquapoint 60B features a contemporary design with a sturdy and dependable build. This cost effective range has been updated to offer a chilled and hot water option. With a slightly smaller footprint than the majority of our floor standing coolers, it is an ideal solution for customers who want a space saving cooler that does not compromise on quality.

- 19cm dispense height
- Dispenses ambient water + 20ltrs/h of chilled water
- Traditional paddle tap dispensing with hot water safety lock
- Compatible to be fitted with a Sip automatic sanitising device
- Stylish and reliable cooler
- Available as ambient & chilled, or hot & chilled

Accessories

Installation Rail & Filter

Includes compression fitting, 1-micron green filter, water block, copper pressure reducing valve & non-return valve.

Sip Neo3

An automatic sanitising device compatible with floor standing, tank fed POU coolers. Reduces sanitising visits and saves your customers money on electricity.

Cup Dispenser

Stylish magnetic cup dispenser that attaches to the outside of the cooler for enhanced convenience. Available in a range of colours to suit all machines.
